

# WHY CHOOSE NextStopLAX?

**NextStopLAX LLC.**

**WELL, THERE ARE A FEW COMPANIES OUT THERE SPECIALIZING IN US IMMIGRATION SO WHY CHOOSE NSLAX WE HEAR YOU ASK? WELL, WE HAVE THOUGHT ABOUT IT AND HERE ARE SOME OF OUR UNIQUE SELLING POINTS:**

**\*NSLAX have a 100% Success Rate** - We only take cases we believe will be approved. Our strike rate speaks for its self!

**\*We specialize in O1 Visa's and EB1/2 Green Cards for 'Aliens of Extraordinary Ability/Achievement'** - The immigration spectrum is so broad in the US so we have chosen to stick one area. If anyone can sell you to the Government - it's us!

\*You can pay your second payment upon approval. So no Visa, no second payment. This takes away the anxiety of losing a large cash amount. Obviously there are costs and overheads involved in applying for the Visa including Government Fees, Union letters and clerical overheads - That is why we need the first half of the payment before we start work.

\*In the unlikely event your Visa is denied we will refile you case for free either immediately or at a later date.

**\*NSLAX offers payment plans** - If you cannot afford your Visa straight away we will file it as soon as we have 50% of your total fee - that we don't lose time in the application process. Getting you to the US is our most important goal - let's worry about the cash later!

**\*USE US as a resource** - Call our office upon arrival and speak to a friendly voice. We are willing to help you for 90 days after you arrive in the US. We are here to answer all your questions. We will offer you key support and guidance when you are in LA. People have called us in the past with numerous questions ranging from where to obtain a social security number to questions about agents and managers. We are here to answer your **ALL** of your questions - use us, we don't mind and we don't bite!

**\*When you need to refile your case we offer a 50% discount on renewal** - So if you paid \$6000 with us for your first Visa, you will pay \$3000 to renew.
